

Reopening GC Kids

You should NOT come into the building if...

1. You have a fever of 100 degrees or higher.
2. You have any respiratory infections, or have had a cough, sneezing regularly, had shortness of breath, vomiting or diarrhea within the last 24 hours.
3. In the previous 14 days, you have had any contact with someone with a confirmed diagnosis of Covid-19; is under the investigation for Covid-19 or is ill experiencing a respiratory illness.
4. In the previous 14 days, you have traveled out of state.

Upon Arrival:

All staff, adults, and children will have their temperatures taken upon arrival (touchless thermometer) and will be screened with the four statements above. If your child has a temperature of 100.5 or higher upon arrival, your child will not be allowed to stay. If a fever develops during their time in the classroom, the child will be removed from other children and parents will be called for pickup.

GC Kids Area Procedures:

- Please take your child to the restroom before checking in to a classroom.
- A limited number of people will be allowed into the preschool area at one time.
- Only one parent/guardian will be allowed in the preschool area for drop-off & pick-up (**No siblings**).
- Hand sanitizer will be located at check-in and entrances of classrooms for everyone's protection and encouraged to be used throughout class.
- Greeters, classroom staff, and children will wear masks.
- Classrooms will be disinfected between classes. This may result in a short wait time while drying.
- There will be no shared supplies. Each child will be provided personal supplies for projects & activities. Supplies that are used by a child will be sanitized before another child uses them.
- **Social Distancing Concerns-** To ensure safe social distancing guidelines, classroom sizes will be capped. They will gather in the larger classrooms to provide more space and asked to sit in designated seating. Teachers will be asked to help kids maintain social distance guidelines by not allowing them to crawl all over one another, sit next to each other at the tables, and spreading the kids apart on the carpet during story time.
- Classroom doors will remain open for better airflow/ventilation.
- Please pick up your children immediately following the end of service so there is time to clean and sanitize the classrooms.
- Playroom surfaces will be cleaned and sanitized between classes. Playroom & playground may be closed.
